\*See Terms and Conditions

### Operation:

1. Battery Installation: Twist the end cap off, slide the required battery into the flashlight and twist on the end cap to secure the battery.
2. The Focus-Beam comes with a sleeve to install (3) AAA batteries or you may remove the sleeve and use (2) 123A batteries directly.
3. You may also use a rechargeable Li-Ion 18650 3.7V battery.
4. Once the batteries have been installed and secured, press the back switch to power the flashlight on/off.
5. To adjust focus, twist the lamp counter-clockwise to zoom in, and clockwise to zoom out.
