

ELITE SERIES PRODUCT SPECS:

PRODUCT NAME — Guardian Angel™ Elite™ Series LED Light Bar

LIGHT SOURCE — 18 LED'S

COLORS — Red, White, Blue, Yellow, Green, Orange, Infrared

BRIGHTNESS — Up to 800 lumens (varies by model),
5+ Miles Visibility

SIZE — 2.75"W x 1.87" L x 1.0" H

WEIGHT — 3.25oz, 92.4g

BATTERY — **Type:** Rechargeable Lithium Polymer Battery
Capacity: 1400mAh / 5.18Wh
Charging Time: Approx. 1.5 hrs
Normal Voltage: 3.7V
Certification: UN38.3, IEC62133, CE, RoHS Compliant
Battery Life hr/charge: Varies based on
brightness setting & light mode. 1.5 – 150 hours
Battery Life Cycle: 3,000-5,000 cycles

CHARGING — **Connector:** Type C USB
Input: AC 100-240V - 50/60Hz. 0.6A
Output: 5.0V - 2000mA

CASING — **Material:** Polycarbonate Lens, Glass Filled
Polycarbonate Exterior Covers and USB Door,
High Temperature Rubber Buttons & Water Seals
IP Rating: IP68 Water/Dust Proof Rating
Flammability Rating: UL 746B, UL94

MOUNTING — Neodymium iron boron Grade NB42 magnets

ENVIRONMENT — **Operational Temp & Humidity:** -40C°- 110C°
Storage Temp & Humidity: 20-28C°

GA EMERGENCY MODE

- 1st Press= All LEDs Flashing
- 2nd Press= OFF
- Hold= Scrolling Sequence (Push Again to Turn Off)

TETHER ATTACHMENT

Tether Accessory Attachment

BRIGHTNESS SETTINGS

Max, High, Medium, Low or SOS Light Pattern

TOP LED

Enhanced Spotlight Lens with Dedicated Button

- 1st Press= Constant On
- 2nd Press= Constant Flash
- 3rd Press= OFF

DURABLE

Waterproof,
Dustproof,
Shockproof,
IP68 Rated

CHARGING PORT

Rechargeable
Type-C USB
Charging Port

REAR LED'S

- 1st Press= Constant On
- 2nd Press= Constant Blinking
- 3rd Press= Scrolling Sequence
- 4th Press= OFF
- Hold= Battery Level Indicator

- (2) CONSTANT *FLASHING*
- (3) SCROLLING SEQUENCE MOVES LEFT TO RIGHT - FRONT VIEW
- (4) OFF

ACTIVATE YOUR DEVICE

INITIAL USE: Hold down the front & rear buttons for 2 seconds. The white work light will turn on to signal it's activated. Device will turn on at max brightness.

MAX.
High
Med.
Low

BRIGHTNESS SETTINGS: Push the brightness button until desired setting is reached.

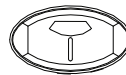

Low/Medium are ideal for most low-light situations.

High/Max are optimal for day-time use. Battery life is shorter on these settings.

POWERING DOWN: Hold down the front & rear buttons for 3 seconds to turn it off. The white work light will flash 3 times.

PRO TIPS

PRESS AND HOLD the small button on the front of the device to activate standard mode. This is the most popular mode, which turns on the white front light and rear flashing lights.

EMERGENCY MODE:

The big GA button in the middle will activate flashing front and rear lights. Press again to turn it off.

QUICK OFF:

Double press the big GA button to turn off all LEDs from any mode.

ONE LIGHT, DOZENS OF MOUNTS, 1,000s OF USES

Each mount features a built-in rare-Earth magnet (the strongest around) that securely attaches to any Guardian Angel light.

MULTI-PURPOSE MOUNTS

Universal Clip Mount
ACC-UCM

Best For: Hats, Belts, Bags, Outer Carrier, Molle Webbing, Radio Strap & Backpacks

Small Universal Clip Mount
ACC-UCMS

Best For: Hat Brims, Thin Straps

Jaw Clip Mount
ACC-JCM

Best For: Quick Detaching, Shirt, Jacket, Backpack, & Safety Vest

Clamp-On Strap Mount
ACC-COSM

Best For: Radio Straps, & Straps Up To 1.5" Width

Snap-Lock Mount
ACC-SLM

Best For: Dog Collars, Leashes & Harnesses

Strap & Epaulet Mount
ACC-SCM

Best For: Uniform Epaulets

Arm Strap Mount
ACC-MSML

Best For: Walking & Running

Velcro Clip Mount
ACC-MVCM

Best For: Any Velcro Surface

Stabilizer Clip Mount
ACC-STCM

Best For: Shoulder Mounting

VEHICLE, EQUIPMENT & GEAR MOUNTS

Cone Mount
ACC-MCM

Best For: Traffic & Safety Cones

Action Mount
ACC-AM

Best For: GoPro Action Camera Mounts

Bike/Rail Rubber Strap Mount
ACC-RBM

Best For: Handlebars & Rails

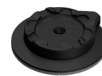

Bike/Rail Strap Mount
ACC-BSM

Best For: Handlebars, Seat Posts, & Bars 0.5"-1.75" Diameter

Velcro Strap Mount
ACC-MVSM

Best For: Rails, Posts & Vented Bike Helmets

Non-metallic Surface Adhesive & Screw Mount
ACC-NMSM

Best For: Any Non-Metallic Surface

Picatinny Rail Mount
ACC-MPRM

Best For: Picatinny Rails (Commonly Found On Firearms)

Marine Mount Bundle
GRP-M-M-1

Best For: Kayaks, Paddle Sports, Boats, PFDs

HELMET MOUNTS

Hard Hat Earmuff Mount
ACC-HHEM

Best For: Hard Hats With Earmuff Slots, & Type 2 Safety Helmets

Hard Hat Mount
ACC-HHM

Best For: Hard Hats With Multiple Mounting Locations, & Type I Hard Hats Only

Aluminum Fire Helmet Mount
ACC-FHA

Best For: Traditional Fire Helmet Brims

Euro Fire Helmet Mount
ACC-FHM

Best For: Euro-Style Helmets

Helmet Strap With 2 Mounts
ACC-HHMS

Best For: Mounting 2 Lights To Helmet

Helmet Rail Mount
ACC-MHRM

Best For: Tactical Helmets With Mounting Rails
